

DESIGNED WITH THE COURSE IN MIND

SoloRider is a true Single-Rider Adaptive Golf Cart, engineered for your course and its players.

Safe For Greens

SoloRider has been trusted by courses around the world for over 30 years. Our turf friendly, low-pressure tires are designed to reduce pressure on the greens. Our carts put less pressure per square inch on turf than a human foot.

Empowering Players

SoloRider was founded with one mission: to make golf accessible and enjoyable for every player, no matter their level of mobility. Our adaptive carts empower individuals to experience every hole of the game with confidence, freedom, and independence.

Enhancing The Game

- Promotes accessibility
- Keeps pace with standard play
- Encourages participation for all abilities
- Strengthens community events

RIDING SOLO

Why Courses Choose SoloRider

ABOUT US

SoloRider is a family-owned Adaptive Golf Cart Company based in Plano, Texas.

We are dedicated to ensuring that golfers with disabilities, seniors, and anyone who experiences mobility challenges can continue to enjoy the game they love.

Each cart is made in the U.S. and designed for performance, safety, comfort, style, and above all, inclusion.

ENGINEERED FOR ACCESSIBILITY.
BUILT FOR PERFORMANCE.

** Based on optimal course conditions

**CHANGING LIVES
ONE ROUND
AT A TIME**

ADA COMPLIANT

While this cart fully supports ADA accessibility, that's only part of the story.

Courses are using it for:

- Golfers who want comfort and ease
- Players recovering from injury or surgery
- Golfers who simply prefer a safer, more stable ride

KEEPING PACE

SOLORIDER CARTS ARE DESIGNED TO MAINTAIN AND OFTEN IMPROVE PACE OF PLAY.

Golfers are able to position themselves at their ball independently. The result is smoother group movement and uninterrupted flow across the course.

PLUG & PLAY

- Operates efficiently:
Runs on battery power
- Easy to charge:
Charges via AC Power Outlet
- Seamless integration:
Cart design fits in with existing cart fleets

OPERATIONAL IMPACT

SoloRider enables courses to welcome a broader range of golfers without altering standard operations.

Players with mobility challenges can book standard tee times, join their groups, and navigate the course independently.

Ultimately, SoloRider creates a special experience for your course without impacting course schedules or other players' experiences.

**UNLOCK MORE GOLF
FOR MORE PLAYERS**

By making the course more accessible, SoloRider creates new opportunities to sell tee times that may otherwise go unused. Courses can confidently accommodate group outings, adaptive tournaments, veteran events, rehabilitation clinics, and community events.

ACCESS IS THE NEW STANDARD

As the game of golf continues to grow, so too does the need for courses to serve more players of all backgrounds and abilities. The future of the game depends on creating opportunities for more players to participate.

SoloRider is built specifically for golf courses and the players they serve. It protects turf, maintains pace of play, and fits seamlessly into daily operations, while empowering golfers with mobility challenges to play alongside their group and experience every shot.

By expanding access, courses strengthen their reputation, reach a broader clientele, and ensure everyone can experience the magic of the game of golf.
